Three distinct performances, each running for 45 minutes.

Visual Comedy Magic

45 minutes

Big laughs. No translation needed.

Sharp visual magic with clean comic timing, designed to land with a mixed international crowd. Easy to watch, hard to forget, and suited to family and prime-time slots.

Comedy Mentalism

45 minutes

He knew what you were thinking.

Mind reading with a sense of humour. Guests become part of the act, and the result is personal, interactive, and full of “how did he do that?” moments that people talk about at dinner the next night.

Comedy Hypnosis

45 minutes

Willing volunteers. Unforgettable night.

Guests who want to join in take the stage, and the whole theatre gets the entertainment. Warm, respectful, and very funny, so volunteers have a great time and the audience stays firmly on their side. Good clean family entertainment from start to finish.
